Alignment of the National Standards for Learning Languages with the CCSS

The Common Core State Standards for English Language Arts (ELA) and Literacy in History/Social Studies, Science, and Technical Subjects contains four strands: Reading, Writing, Speaking and Listening, and Language. These four strands are represented in the National Standards for Learning Languages by the Communication standards (interpersonal, interpretive, and presentational) and the level of proficiency demonstrated. In addition, the standards of the other four goals areas for learning languages – Cultures, Connections, Comparisons, and Communities – also support and are aligned with the Common Core. http://www.actfl.org/sites/default/files/pdfs/Aligning_CCSS_Language_Standards_v6.pdf
