

The following instructions will guide you on how to connect your laptop to a Wi-Fi signal outside of school:

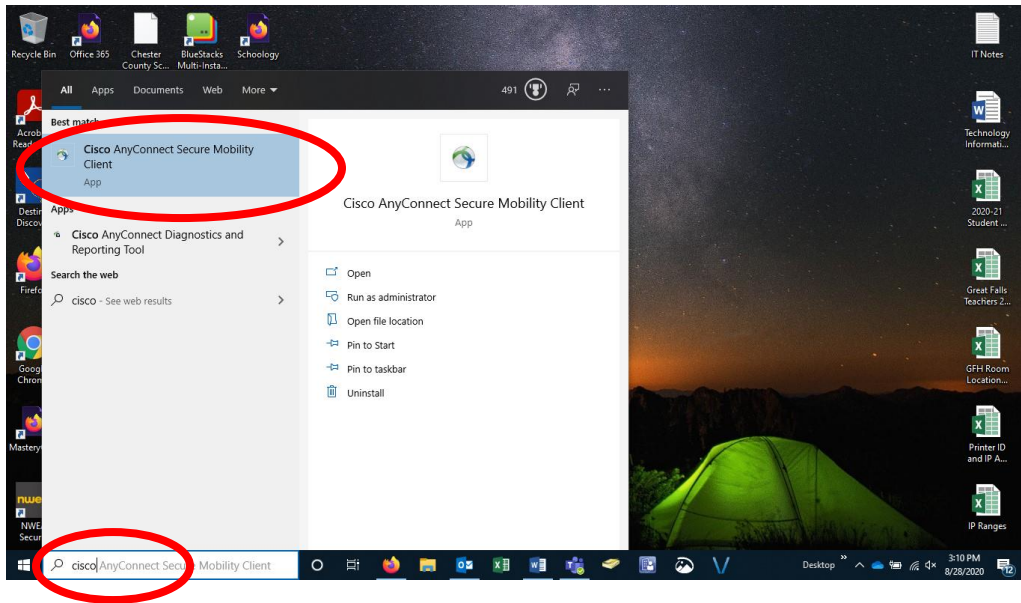

Step 1:

Click the Start button at the bottom-left of your screen, or press the Windows key on your keyboard 

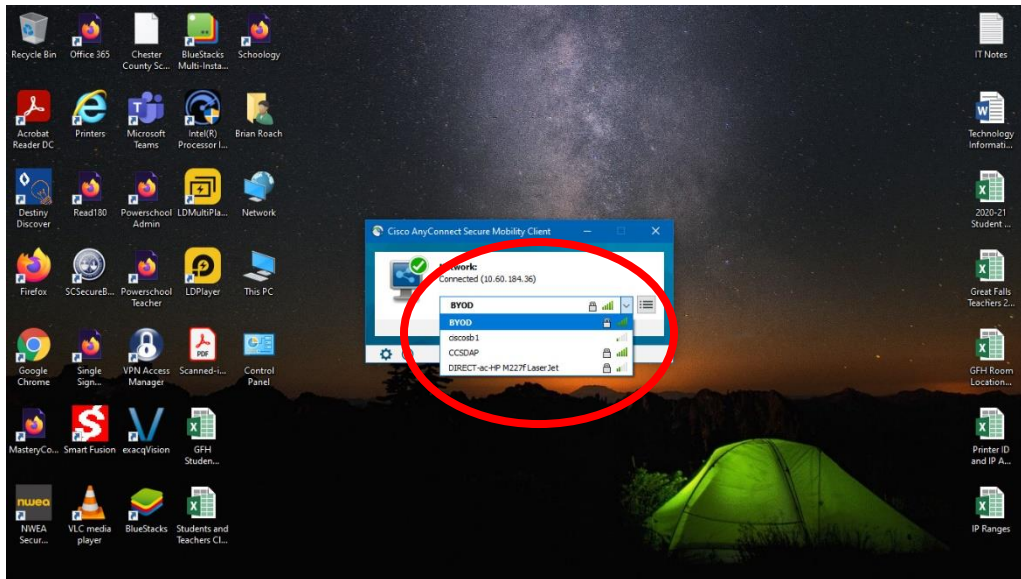

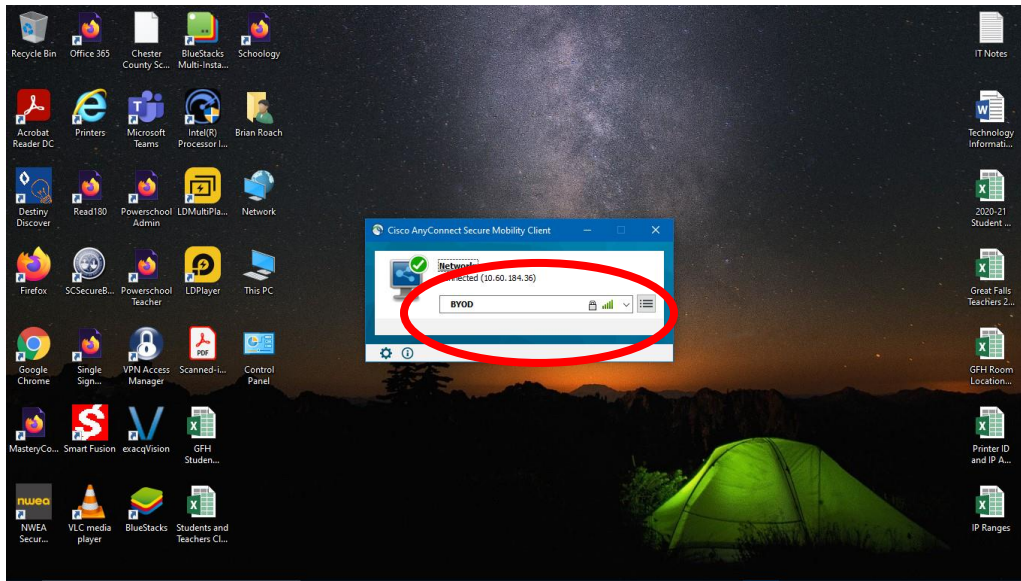

Step 2:

Type in **“cisco”**. Cisco AnyConnect Secure Mobility Client will be at the top. Open the application.

Step 3:

Choose the Wi-Fi signal that you want to connect to.

Step 4:

Enter the password for the selected Wi-Fi signal. You should be connected after the correct password has been entered.
