

2020-2021 Annual Technology Fee

Chester County School District is pleased to announce that technology devices in grades K-12 will be one-to-one for the 2020-2021 school year! Students in grades K-12 will receive a district-owned Lenovo laptop and will be in possession of it 24 hours a day, seven days a week. Students will have access to learning resources through the Internet (while at school) and through Office 365, a Microsoft suite of tools utilized by our District, and through Schoology, our district's new learning management system, as we prepare our students for college, career, and beyond.

Each family in Grades K-12 is being asked to pay \$15.00 per device per child per year. **If payment is not made, any and all damage to the student's assigned laptop will be the financial responsibility of the parent/guardian.**

For more detailed information regarding the Annual Technology Fee, please refer to the 2020-2021 Student Leadership Handbook posted on the District's website, beginning on Page 38.

Please make arrangements with your student's school office to make payment.
